

EMPOWERING UKRAINIAN UNIVERSITIES. ENABLING FUTURE FINANCE PROFESSIONALS.

First Intuition – Designated University Support Provider for Ukraine.

As part of the joint initiative by AICPA & CIMA and First Intuition International, students and graduates of accredited Ukrainian universities are invited to accelerate their journey towards an internationally recognised professional qualification in finance.

Following the successful CIMA Accreditation of 18 Ukrainian Universities, students studying accounting, audit, taxation, finance and business-related programmes can benefit from enhanced progression opportunities within the CIMA qualification.

The **Certificate in Business Accounting (Cert BA)** provides a strong foundation in business, finance and management accounting and is recognised by employers globally.

Exclusive Initiative Benefits:

- ✓ **Zero Registration Fees:** Complimentary enrollment as a gesture of support from CIMA.
- ✓ **One Single Exam:** Pass only the BA2 exam (*Fundamentals in Management Accounting*), thanks to exemptions from your university studies.
- ✓ **Premium Support:** Full tuition backing from First Intuition International alongside international learning resources and guidance.
- ✓ **Global Skillset:** Fast-track your development of world-class business and financial expertise.

Graduates of accredited programmes will benefit from significant exam exemptions towards the full CIMA Professional Qualification, considerably reducing the time required to achieve the prestigious CGMA designation (Chartered Global Management Accountant).

This initiative reflects the shared commitment of AICPA & CIMA, First Intuition International and Ukrainian universities to support high-quality financial education aligned with international standards and future career success.

WHY PARTNER WITH FIRST INTUITION INTERNATIONAL?

First Intuition International works with Universities and Colleges around the world to integrate and embed globally-recognised accountancy qualifications into their degree courses. Our consistently strong track record has established us as a trusted leader in this field.

Integrating our courses into your programmes is not just a great way to kickstart your students' careers, it's a fantastic way to boost your offering and raise your profile too. Globally recognised and respected professional accountancy qualifications will elevate the standing of your programmes.

We are proud to offer specialised Virtual Learning Environments (VLE) and comprehensive course packages tailored specifically for Ukrainian Universities through our partnership with CIMA.

HOW WILL YOUR STUDENTS STUDY?

Our courses and VLEs are the perfect way for you to provide students with expertly structured training, purpose built for exam success. They are comprehensive online resource centres providing everything students will need to gain the professional accountancy qualification.

Students will learn by following a structured online course complete with guides to plan their study. Digital question practice in every chapter ensures they learn and apply their knowledge as they progress at each stage, with immediate feedback on their answers.

WHAT'S INCLUDED FOR STUDENTS?

- ✓ Immediate access to the module's online course on FI Learn.
- ✓ Comprehensive pre-recorded video lectures covering the syllabus.
- ✓ Digital course notes, question bank and study text.
- ✓ Quizzes and checkpoints allow students to test their knowledge as they progress.
- ✓ Two mock exams plus solutions for self-marking. Including mock exam pre-briefs and de-briefs to understand exactly what the examiner expects.

CIMA-Ukrainian Universities VLE

As part of this joint collaboration between AICPA & CIMA, First Intuition International, and Ukrainian universities, we have established a simple onboarding process that allows your students to be registered directly onto the dedicated CIMA Ukrainian Universities VLE.

First Intuition International provides complete support, including:

- ✱ Enrolling your students onto FI's established VLE.
- ✱ Providing students with instant access to FI's CGMA BA2 course complete with expertly-crafted learning materials.
- ✱ Provide reports on each student's online course progress and activity.

This pathway offers maximum convenience for your faculty. Because no custom VLE setup is required, enrolling your students is fast and straightforward, delivering instant access to the **CIMA Certificate in Business Accounting** pathway.
